TABLE OF CONTENTS OF "METEOROLOGIYA I GIDROLOGIYA" FOR 1954

Meteorologiya i gidrologiya, No 1  
Leningrad, Jan-Feb 1955

General

Bogatyr', T. K. "Hydrometeorological Service of the Ukrainian SSR During the 300-Year Union of the Ukraine With Russia," No 4, 7-10

"Wartime Program of Accelerated Development of Agriculture," No 2, 3-7

Kacheyev, A. P. "Scientific Institutions, Participants in the All-Union Agricultural Exhibition," No 6, 19-21

"The All-Union Agricultural Exhibition," No 3, 3-4

Sinel'shchikov, V. V. "The Hydrometeorological Service's Pavilion in the All-Union Agricultural Exhibition," No 4, 11-14

Meteorology

Arabadzhi, V. I. "The Study of 'Smerchi' [Duststorms, Landspouts]," No 2, 26-27

Bagrov, N. A. "Calculation of Evaporation From the Surface of the Land," No 2, 12-18

Burman, E. A., and Perelet, I. I. "Some Peculiarities of Evaporation From Various Underlying Surfaces," No 5, 33-36

Gritsenko, M. V. "Influence of Precipitation on the Combustibility of Forests," No 3, 24-27

Kontorshchikov, A. S. "Calculation of Evaporation From Soil," No 4, 28-30

Pinus, N. Z. "Some Results of Reactive Sounding of High Layers of the Atmosphere," No 3, 13-17

Sabo, D. "Study of Evaporation of Snow in the Region of Yergeni," No 5, 30-33

Sychev, K. A. "Elementary Method for Computation of Heat Balance in Ground," No 6, 25-27

Fedorov, L. T. "Computation of Strong Winds in Plans of Hydrotechnical Constructions," No 2, 48-50

Fleyshman, S. M. "Determination of Computed Magnitudes of Precipitation From Short Series," No 2, 47-48

Chirakadze, G. I. "Mass Observations on the Results of Icing of Conductors," No 2, 25-26

Yakovleva, N. I. "Analysis of Night Cooling and Prediction of First Autumn Frosts," No 3, 21-24

STAT

Synoptic Meteorology

Aniskina, N. A. and Dydina, L. A. "Forecasting of the Baric Field During the Period of the Elementary Synoptic Process," No 5, 36-38

Astapenko, P. D., and Ruppert, L. L. "Needed: A New Student's Synoptic Atlas," No 4, 41-44

Belov, P. N. "Investigation of the Contributions of Individual Layers of the Atmosphere to the Variation of Pressure Near the Ground Under Various Synoptic Conditions," No 6, 22-25

Blyumina, L. I. "Analysis of the Frequency of Datum-Mark Ultrapolar Processes," No 1, 18-21

Borisenkov, Ye. P. "Application of S. I. Troitskiy's Theory to Determination of Winds in the Upper Troposphere," No 1, 21-22

Gaygerov, S. S., and Kastrov, V. G. "New Results of Investigation of Thermal Transformation of Air in Free Aerostats," No 5, 25-30

Zubyan, G. D. "Variation of Baric Field With Altitude in the Region of a Front," No 3, 17-21

Kats, A. L. "Study and Evaluation of General Circulation of Atmosphere," No 6, 13-18

Kashin, K. I., and Gritsenko, M. V. "Variation of Pressure Near Earth's Surface," No 5, 9-17

Kashin, K. I., and Gritsenko, M. V. "Problem of Movement of Cyclones and Anticyclones," No 6, 3-7

Mikheil', V. M., Petrova A. F., Pokrovskaya, T. N., and Sharapov, A. V. "Some Results of Checking the Justifiability of the Law on the Convergence-Divergence of Winds at Altitudes," No 4, 30-33

Morskoy, G. I. "Problem of Computation of Vertical Velocity of Air," No 1, 11-17

Pogosyan, Kh. P. "Seasonal Variation of Planetary Frontal Zones," No 4, 15-22

Pogosyan, Kh. P. "Intensity of the Interlatitudinal Exchange of Air Masses in Various Seasons," No 6, 8-12

Pogrebnoy, Ye. D., and Sklyarskiy, O. M. "Problem of the Escape of Cyclones From the Balkan Peninsula to the European Territory of the USSR," No 1, 25-26

Popov, B. M. "Passage of a Landspout Through the City of Rostov in Yaroslavl's Oblast 24 August 1953," No 3, 27-30

Uspenskiy, B. D. "Problem of the Utilization of Observations on Winds in the Forecasting of Variations in Atmospheric Pressure," No 2, 19-24

Uspenskiy, B. D. "Theory of Local Variations in the Geopotential Altitudes of Isobaric Surfaces," No 5, 3-8

STAT

Agricultural Meteorology

Budyko, M. I., Yudin, M. I., and Yakovleva, N. I. "Evaporation From Irrigated Parts and Evaporability," No 1, 7-10

Druzin, V. "Agrometeorological Servicing of Agriculture in Kamchatka," No 3, 32

Yevseyev, P. K. "Experience Gained in the Mechanized Treatment of Meteorological Observations for Agriculture," No 6, 28-30

"For the Further Improvement of the Hydrometeorological Servicing of Agriculture," No 4, 3-5

Kuzin, P. S. "Organization and Establishing of Investigations Into the Influence of Agrotechnical Measures Upon River Runoff," No 1, 23-25

Kulik, M. S. "Agrometeorological Observations in Machine-Tractor Farms, Kolkhoses, and Sovkhoses," No 1, 3-6

Moiseychik, V. A. "Determination of the Temperature of Soil at the Depth of the Point of Bushing-Out of Winter Crops," No 4, 23-27

Sunel'shchikov, V. V. "Main Tasks of the Hydrometeorological Bureau in the Hydrometeorological and Agrometeorological Servicing of Agriculture," No 2, 8-11

Sirotin, G. M. "Forecasting of Agrometeorological Conditions in Spring," No 3, 30-32

Sokolov, I. F. "Problem of the Meteorological Criterion Governing the 'Sukhovei' [Dry Winds] of a Monsoon Climate," No 1, 22-23

Sus, N. I., Golubeva, L. A., and Androsova, T. P. "Improvement of Microclimatic Conditions in a Steppe for the Growth of Young Tree Plantings," No 6, 31-35

Fedoseyev, A. P. "Procedure for Evaluation of Agrometeorological Conditions of Autumn Sprouting of Pasture Plants in Kazakhstan," No 2, 27-30

Shigolev, A. A. "Study of the Connection Between Formation of Seeds and Grain and Meteorological Factors," No 6, 35-36

Yaroshevskiy, V. A. "Improve the Agrometeorological Servicing of Grain Economy in the Northern Regions of Kazakhstan," No 5, 24-25

Yaroshevskiy, V. A. "Agrometeorological Stations of a New Type," No 6, 36-38

Hydrology of Land and Hydrological Forecasting

Ayzenberg, M. M. "Some Features of Hydrography of the USSR," No 2, 45-47

Gavrilov, A. M. "From the Experience of Calibrating Rural Hydroelectric Power Plants," No 2, 35-37

Gordon, S. M. "Influence of Earthquakes Upon the Increase of the Solids Runoff of Rivers," No 4, 38-39

STAT

- Garyugin, G. A. "Spring Runoff of Rain Waters and Its Dependence Upon the Character of the Freezing and Thawing of Soil," No 4, 36-38
- Karpman, B. D. "Problem of the Construction of the Curve of Discharge Yield," No 5, 38-39
- Kvasov, L. D. "Problem of the Variability of Yearly Runoff," No 6, 40-42
- Kokoulin, I. P., and Kopylova, L. A. "Fluctuations in the Level of the Tsimlyansk Reservoir," No 6, 45-48
- Kryzhanovskaya, A. B. "Forecasting of the Beginning of Spring Flood," No 6, 39-40
- Kuznik, I. A. "Runoff From Various Agricultural Holdings and Preliminary Communications Concerning the Present Magnitude of Runoff in the Regions Along the Volga," No 2, 30-35
- Kurdov, A. G. "Problem of the Study of Minimum Runoff of Small Rivers," No 1, 26-29

Shulyakovskiy, L. G. "Determination of the Winter Runoff of Rivers Without Sludge Ice," No 2, 37-41

Shulyakovskiy, L. G. "Coefficient of Heat Emission of Under-Ice Flow," No 3, 40-43

Oceanography and Marine Hydrometeorology

Zverev, A. A. "Fluctuations in the Temperature of Water in Deep Layers of the Sea," No 4, 39-41

Istoshin, Yu. V., and Muromtsev, A. M. "Ice Islands," No 1, 36-38

Kononkova, G. Ye. "Problem of the Action of Wind Upon Wave," No 3, 48-49

Kryndin, A. N. "Some Peculiarities of Present Oceanographical Operations," No 1, 33-36

Panfilova, S. G. "Possibility of Making More Precise Forecasts of the Level of the Caspian Sea Which Were Given by N. A. Belinskiy and G. F. Kalinin," No 6, 48-49

Simonov, A. I. "Problem of the Causes for the Anticyclonic Circulation of the Waters of the Aral Sea," No 2, 50-52

Smirnov, I. A. "Some Problems in the Operation of an Expeditionary Ship," No 1, 31-33

Instruments and Procedures of Observations

1. Meteorology

Anisimov, M. I. "Correction to the Readings of the Rain Gage," No 5, 44

Britayev, A. S. "Measurement of Temperature in Clouds From Aircraft," No 6, 55-57

Vintova, N. V. "Results of Tests of a New Field-Type Weighing Snow Gage," No 3, 51

Gal'perin, I. A. "A Deficiency in Principles in the Article 'Instructions to Hydrometeorological Stations and Posts,'" No 2, 54-55

Grishchenko, D. L. "Problem of a Procedure for Actinometric Observations of the Sea," No 5, 42-43

Yefimov, P. L. "Some Improvements in the Cloud-Measuring Attachment to the Radiosonde," No 5, 43-44

Zatsepin, N. "Operation of the Hygrometer at Negative Temperatures," No 1, 39-42

Imyanitov, I. M. "Inertia of Apparatus Employed in the Study of Convective Clouds," No 4, 37-48

Kanaki, V. G. "Discharge of Radiosondes in a Strong Wind," No 4, 50-51

STAT

Kolosovskiy, F. V. "Illumination of the Weather Vane," No 3, 50  
 Labeysh, V. G. "Ship Pilot-Balloon Observations Without Theodolite," No 2, 53

Mityukhin, I. I. "Determination of the Height of Installation for a Weather Vane," No 3, 50-51

Pinegin, G. N. "Graphic Method for the Evaluation of Results of Radiosonding," No 4, 48-50

Ponsov, A. G. "Actinometric Observations at Sea," No 4, 52-53

Ross, Yu. K. "Dependence of the Conversion Factor of the Yanishevskiy Pyrgeometer Upon the Elevation of the Sun," No 6, 53-55

Sudakevich, Yu. Ye. "Procedure for Measurement of Temperature of Soil at the Depth of the Point of Bushing-Out of Winter Cultures," No 4, 51-5

## 2. Hydrology

Vladimirov, O. A. "Finding of the Approximate Value of Mean Level of the Sea From Observations Over a Single Period," No 5, 52-53

Deyev, Yu. A. "Selection of the Place of the Profile for the Execution of Transverse Temperature Cross Sections of Rivers," No 3, 51-53

Zverev, A. A. "Introduction of Resistance Thermometers Into Practice of Oceanographic Operations," No 3, 54

Kirsta, B. T. "Problem of Sludge Ice," No 3, 53-54

Konopkin, L. K. "Some Design Changes in the Indicator of Directions of Flow on Surface Horizons," No 4, 53-55

Kuznetsov, A. I. "Remarks on the Measurement of Output of Detritus," No 5, 46-48

Levchenko, S. "Electrocontact Wave Graph," No 5, 50-52

Margolin, L. M., and Shaban, V. P. "Procedure for Observations on the Runoff of Detritus," No 6, 58-59

Oladkin, I. Ye. "Hook Rod With Electrical Contact," No 5, 48

Sidorov, I. A. "Construction of Hydrometric Bucket-Type Portages With Run More Than 150 Meters," No 5, 49-50

Trestman, A. G. "Establishment of Optimum Quantity of Vertical Velocity Components in the Measurement of Output of Water," No 5, 45-46

## Exchange of Working Experiences

Antipov, S. F. and Sirotev K. M. "Maximum Rule for Observation of Sea Swells," No 6, 50-51

Eystrov, A. A. "Application of a Direct Method of Freezing Through for the Determination of the Critical Temperatures of Hibernation of Winter Cultivations," No 6, 50

STAT

Yelfimov, A. V. "Hydrometeorological Servicing of the Construction of the Kuybyshev Hydroelectric Power Plant," No 4, 45-46

Ikonnikova, L. N. "New Method for Filling-In of Protracted Omissions on the Tapes of a Tide Gage for Seas With Gulfs," No 6, 51-52

Koshelenko, I. V., and Kazarin, A. S. "From the Experience Gained in the Operation With the Ceiling Projector," No 4, 46

Nikiforov, Ya. D., and Karakash, Ye. S. "From the Experience Gained in the Works of the Aspirants of the State Oceanographic Institute," No 5, 40-41

Trestman, A. G. "Organization of the Control of Hydrological Operations in the Administrations of the Hydrometeorological Service," No 1, 30

Khloyev, G. S. "From the Experience Gained in the Operation of the Vladychanskiy-Zhestovskiy Air Vane at Sea," No 5, 41

#### Book Reviews and Bibliography
